

Series BG150

fixed inflatable dock seal

BLUE GIANT®

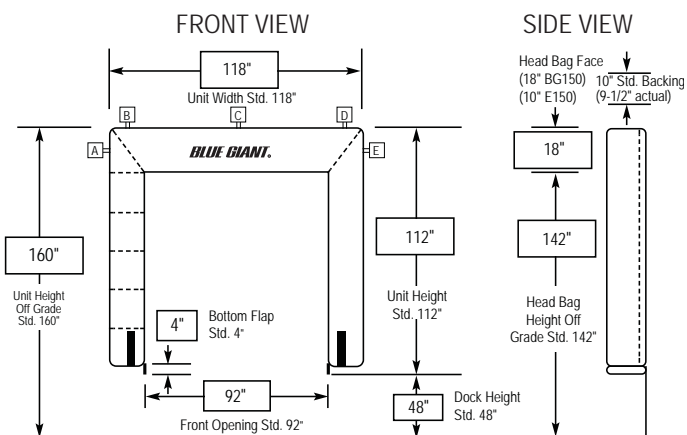

Designed for 8' x 8' (2438mm x 2438mm) door openings, the BG150 series fixed inflatable dock seal combines a unique internal baffle system with a durable air bag construction to increase contact area and lower energy costs.

Benefits

- SAVE hundreds of dollars in reduced energy costs
- IMPROVE working conditions by keeping dust, dirt, debris and insects out
- PROTECT product and personnel from harsh weather conditions
- INCREASE productivity by providing a safe and comfortable working environment
- DURABLE range of Hi-Performance fabrics to choose from
- CUSTOM sizes available

Standard Size Specifications

Generally designed to suit 8' wide x 8' high (2438mm x 2438mm) openings.

The BG150 series reduces pressure against the building wall unlike conventional pads while creating a tight energy saving seal against the back of the truck.

A one piece air bag construction with a unique internal baffle system creates a square faced design increasing contact area. This design ensures that off-centre trailers and even trailers that are not spotted square to the opening are sealed.

fixed inflatable dock seal

Blue Giant offers a wide variety of custom inflatables to satisfy your dock requirements.

- Square faced design creates larger contact area against truck
- Pressure treated non-rot wood framing
- 24" yellow guide stripes for accurate truck placement
- Externally mounted motor with galvanized protective hood
- Higher wedged header design seals a variety of trailers
- Custom sizes and projections available
- Available in 22oz Hi-Tear Vinyl or rugged 16oz Hi-Tear Hypalon

Also available is the E150 with bubble design on header and sides.
