AFTERMARKET SOLUTIONS

***Provide a  
clear visual barrier  
at the loading dock door  
while controlling access***

**Blue Giant Loading Dock Gates  
add safety and security to high  
traffic loading dock areas.**

- Acts as a visual barrier on the loading dock, deterring against falls, accidents, and unwanted passage.
- **One size fits most:** Blue Giant Loading Dock Gates are adjustable and can cover 8', 9', and 10' wide openings.
- Heavy duty steel construction with bright safety yellow finish is highly visible and durable.
- Simple Tagout / Lockout system can be used when the dock or door is out of service.
- Easy installation and easy access – quick release arm allows the arm to go from locked position to open, and vice versa in a snap.
- 42" high design meets OSHA Standard 1910.23(5), which states: A standard railing shall consist of top rail, intermediate rail, and posts, and shall have a vertical height of 42 inches nominal from upper surface of top rail to floor, platform, runway, or ramp level.
